## Code Enforcement Corner

**Code Enforcement** helps to maintain and improve the quality of life of New Castle City residents by administering an unbiased enforcement program to correct violations of City zoning, property maintenance and building codes. Complaint forms are available on the City website at [newcastlecity.delaware.gov](http://newcastlecity.delaware.gov), or in the City offices; or call the Code Officer at 221-6507.

Complaints are handled on a confidential basis.

**MOSQUITO CONTROL:** The City of New Castle is cooperating with the State of Delaware Division of Fish & Wildlife to maximize mosquito control in the area in an effort to combat mosquito borne diseases. The City will aggressively enforce City health codes that require the elimination of standing water, such as in tires or buckets.

Springtime is a great time to do a thorough property check, look for potential areas for mosquito breeding, such as tires, buckets or tubs, anywhere water can collect and stagnate. Eliminating these types of areas will go a long way this summer to help with mosquito control.
