Complaint forms are available on the City website at newcastlecity.delaware.gov or in the City offices; you can also call the Code Officer at 322-9801.

§ 209-1. Removal of snow and ice required

Residents are reminded that any person, corporation, company or other entity, being the owner, tenant or occupant of any house or other building, or the owner of any improved or unimproved lot, shall remove any snow, hail, ice or other matter or thing from any pavement, sidewalk or footway along and adjoining said premises within 24 hours of the time snow ceased to fall or the ice formed. Said owner, tenant or occupant shall cause a pathway to be cleared at least three feet in width along the pavement or sidewalk to the gutter to allow the free passage of pedestrians.

§ 140-15 Unregistered or Inoperable Vehicles:

In any zoning district, it shall be unlawful to park, store, or permit to be parked or stored, other than inside a fully enclosed building, any vehicle that is required to and does not have current registration attached to the vehicle, is inoperable in the manner for which it is designed, is missing major components, is wrecked, or is dismantled.

§ 94-4 Feeding of Wildlife No person shall feed any wildlife in any public park.

According to the National Geographic Society, feeding wildlife is generally a bad idea. Food-seeking squirrels bite more people than any other animal in National Parks. Also, providing food for wildlife teaches those animals to associate humans with food. This can make them more likely to get hit by cars, or get into altercations with children or pets.
